

Arizona Cultural Academy & College Prep

Wellness Plan

Mission Statement: The mission of Arizona Cultural Academy is to promote a healthy lifestyle for students, parents and staff which will lead to lifelong maintenance of healthy habits. This mission will be accomplished by the development and implementation of our wellness plan which will incorporate nutrition education, physical education, bonus hour activities and after school sports clubs.

Nutrition Education Goal

School will educate, encourage and support healthy eating by all students of all ages.

Physical Education Goal

School will provide opportunities for students to maintain physical fitness.

Nutrition Standard

School will comply with current USDA Dietary Guidelines for Americans.

Other School Related Activities

School will create a total school environment that is conducive to being physically active.

Nutrition Education Guidelines

Goal: School will educate, encourage and support healthy eating by all students of all ages

Guidelines:

- School will promote fruits, vegetables, whole grains, healthy food preparation and health enhancing nutritional practices.
- Nutrition Education will be part of gym classes for secondary students, elementary students will receive this instruction in conjunction with homeroom teacher's lesson plan.
- The school cafeteria serves as a "Learning Lab" to all students to apply critical thinking skills taught in the classroom. We serve healthy breakfast, lunch and snack in the cafeteria everyday.
- Nutrition Education will involve sharing information with families and the broader community to positively impact students and the health of the community through monthly newsletter.
- School will promote enjoyable, developmentally and culturally appropriate participatory activities.
- School will offer nutrition education at each grade level as a part of a sequential, comprehensive, standards based program designed to provide students with the knowledge and skills necessary to promote and protect their health.
- The staff responsible for nutrition education will be adequately prepared and participate regularly in professional development activities to effectively deliver an accurate nutrition education program as planned.
- Elementary school focus on "Rethink your Drink" campaign, reduce sugar intake.
- Middle school focus on "Build a Healthy Plate and Snack". Make healthy choice for the meal.
- High school focus on "Read Food Labels". Monitor calories consumption.
- Monthly National Health Awareness, post on monthly newsletter and bulletin board.

Physical Activity Guidelines

Goal: School will provide opportunities for students to maintain physical fitness.

Guidelines:

- Students have two physical education classes per week.
- School will implement physical activities from adopted curriculums.
- School will encourage classroom teachers to provide short activity breaks between lessons or classes.
- School will provide daily recess period combined with lunch period.
- School provides opportunities for activity through physical education classes, recess and integration in curriculum.
- All students will develop awareness of the benefits of an active lifestyle.

Nutrition Standards Guidelines

Goal: School will comply with current USDA Dietary Guidelines for Americans.

Guidelines:

- Vending machines only provide organic, NON-GMO snacks and drinks.
- Fund raisers
---Food and beverages sold at fundraisers include healthy choices and provide age appropriate selections for all school levels.
- Halal foods only.

Others

- Promotional activities to encourage physical activity, academic achievement in compliance with local guidelines.
- Promotional activities connected to healthy lifestyles.

Other School Based Activities Guidelines

Goal: School will create a total school environment that is conducive to being physically active.

Guidelines:

- After-school programs are sports based and encourage physical activity and promote healthy habits.
- School will schedule recess for students in conjunction with lunch.
- School's monthly newsletter will provide information about healthy eating and the benefits of physical activity.
