

HAPARA- Beginner's Guide for Students' Onboarding

FOR STUDENTS

- On your web browser go to the **Hāpara Student Dashboard**: app.mystudentdashboard.com
- Learners can use the Student Dashboard as a hub to access all of their work from Workspace, Drive, Google Classroom and Gmail.
- You will be prompted to login to sign in to Google

- Make sure you sign in with your student account
- Once you are logged in navigate to find your classes and find the classes that are synced from Google Classrooms.
- On any web browser (Chrome, Edge, Safari) make sure you add [the Hapara Highlight extension](#), the Hapara icon would appear as shown in the image below

- **Bookmark the Hapara page so you can have it saved for faster access.**

- This is where you will find all the classes that you are enrolled in in Google Classrooms.
- Your teachers will inform you about the next steps to work with the assignments for your classes as shown below.
